

3D Services

Bringing your projects to life

- › Terrestrial scanning
- › Survey support
- › Aerial / Mobile LiDAR
- › Photogrammetry
- › Inspection imagery, models & thermography

FOR NEW CONSTRUCTION, MAINTENANCE AND RENOVATION

BrandSafway's dedicated **3D Services** – terrestrial scanning, survey support, aerial/mobile LiDAR, photogrammetry and inspection imagery, models and **thermography** – allow you to experience a design solution before it's built, collaborate on a global level, and gain buy-in from leadership with highly accurate, as-built models. Plus, with more robust data sets, you can communicate with field workers and clearly convey design intent and scope of work, reduce project risk, improve timelines, save costs and produce better project outcomes.

Deliverables include:

- › AvevaLFM
- › Autodesk Recap
- › Ortho imagery
- › Leica Cyclone
- › Other industry platforms
- › Image-derived point clouds
