› **BrandSafway delivers POWERFUL multiservice solutions.**

We have the resources and depth of expertise to offer the best and safest products and services for your power-related maintenance, shutdowns, and capital and emergency projects. With the broadest solutions portfolio in the industry, and our network of local talent and expertise, you can count on BrandSafway to be a powerful partner – safely increasing productivity at the lowest total installed cost.

› **Exelon-Byron Generating Station**

“We know BrandSafway has the right equipment, and we know they have the (engineering) services we need in an environment like this.”
– Project Manager

› POWER GENERATION Solutions

Access Solutions Throughout the Plant

- › Supported scaffold
- › Suspended systems
- › Hoists & lifts

Boilers

- › Insulation removal & installation
- › Abatement
- › Refractory

Containment Areas

- › Joint systems
- › Composite repairs

Cooling Towers

- › Surface preparation
- › Carpentry

Flares/Vents/Stacks

- › Coatings
- › Composite repairs

Forming & Shoring

- › Aluma Systems
- › Wall formwork
- › Slab formwork
- › Shoring solutions
- › Climbing formwork

General Facilities

- › Concrete formwork
- › Lead abatement

Heat Tracing

- › Audits
- › System design
- › Advanced control panels
- › Installation
- › Maintenance
- › Operation
- › Commissioning
- › Support

HRSG

- › Refractory

Piping Networks/Systems

- › Abatement
- › Thermal protection
- › Thermal spray & metallizing
- › Cathodic protection
- › Leak detection & repair
- › Composite repairs
- › Energy & thermography audits
- › Corrosion assessments & CUI programs

Storage Tanks

- › Coatings & tank lining
- › Surface preparation
- › Cathodic protection

Turbines/Generators

- › Thermal protection
- › Leak detection & repair

› Heat Tracing

Maintain uniform processing temperatures and protect pipelines and critical equipment from the cold.

› Driving the **EVOLUTION** of **SPECIALTY SERVICES**

BrandSafway is driving change in the specialty services industry by providing the broadest range of turnkey solutions — from access and energy efficiency to coatings, refractory and technology (AECR+) — to maximize operations, mitigate risk, and improve productivity for customers

Digital Solutions to Increase Productivity

DOWNSTREAM REFINERY TURNAROUND

Smart tools used to manage work packages efficiently with less labor.

› **COST AND
TIME SAVINGS 33%**

Heat Tracing to Prevent Freezing

WINTERIZATION TURNAROUND

Facilities in Texas and Florida used heat tracing to maintain operations and prevent disruption in freezing weather.

› **MAINTAINED
OPERATIONS 100%**

Industry-Leading **Refractory Solutions**

FCCU DISCOVERY WORK

20,000 anchors manufactured and delivered in 10 days for 2,500 additional square feet.

› **SAVED
OVER 7 DAYS**

Turnkey, quality **Concrete Repair**

PARKING GARAGE REPAIR

Inspect, shore and restore concrete in busy hospital parking garage, while in-use.

› **ZERO
INCIDENTS
ZERO DOWNTIME**

Comprehensive **Motorized Access**

DISTILLATION TOWER

Transport elevator used to access 245-foot distillation tower, reducing fatigue and saving time.

› **SAVED 25%
IN LABOR
EFFICIENCY**

Fast, Safe **Rope Access**

INDUSTRIAL PROJECT

Rope access was used to inspect, insulate and apply coatings without disrupting operations.

› **COST 50%
SAVINGS**

› Ready to Deliver
