

SafTran™ Transport Platform (TPM) Information Sheet

BrandSafway is a full-service scaffold and vertical access company. You'll receive complete turnkey service, engineering support, and safety and operations training. Our extensive, state-of-the-art fleet ensures the ideal construction hoist will be onsite when you need it.

Features & Benefits:

- Variety of platform configurations ensures the efficient transport of any jobsite material and personnel
- Single and double mast installations provide numerous levels of lifting capacities
- Designated operator not required
- Advanced Variable Frequency (AVF) drive ensures smoother, quieter ride and accurate leveling
- Safety features provide a more secure environment
- Trained crews ensure quick and safe installation to help create a fully operational jobsite
- Wide opening gates facilitate efficient handling of large, heavy material
- Lifting speed of 40 ft. per minute ensures timely vertical access on smaller structures

Applications:

- Ideal for subcontractors who need exclusive vertical site access for their own crew, tools and materials

Compliance Code:
ANSI A92.10 - 2009

BRAND \ **SAFWAY**[™]
